**Our June 17, 2022 guest  
speaker will be Peter  
Tobias "How and Why to  
Conserve Orchids with the  
Orchid Conservation  
Alliance"**

Peter Tobias is a member of the San Diego County Orchid Society (SDCOS) and also President of the Orchid Conservation Alliance (OCA), which he co-founded in 2006 with some of his friends. In the past, Peter has served as the chairman of the San Diego County Orchid Society's Conservation Committee. He is a member of the Orchid Specialist Group, IUCN; a former board member of Orchid Digest; Recipient of the Orchid Digest Medal of Honor, 2018. Peter is a retired Associate professor of biochemistry at The Scripps Research Institute. La Jolla, CA.

Peter began growing orchids as a hobby in Chicago during the early 1970's with a white phalaenopsis orchid. After moving to Encinitas in 1980, his hobby really "bloomed". His collection of primarily species orchids is mostly grown outdoors.

The success of the local conservation group led to the idea that orchid lovers anywhere might support an organization devoted to orchid habitat protection, and OCA was founded. OCA is a non-profit corporation with the principal goal of fostering the development of wild orchid reserves and to promote the conservation of orchids and orchid habitat around the world.

Peter's orchid interests include: conservation, landscaping with orchids, and orchid focused ecotourism.

He will be talking to us about the Orchid Conservation Alliance.

## ***June 2022 President's Message from Braulio Mena***

Hello fellow orchid lovers, we are almost halfway through this year! We've had to adapt to so many changes. But nevertheless, we've managed to hold some awesome meetings, had a very successful show, and there is so much more to come! We just had a very successful May meeting with a great turn out. George Hatfield gave a great presentation on cymbidiums and provided an awesome plant table. We have also gained quite a few new members, so please introduce yourselves as you meet them.

I would like to take this opportunity to thank the SBOS Board of Directors. We have a great team which has been working very hard to keep this society together. Through these very tough times, many other societies have folded and are no longer around. Which brings me to mention, and I know I'm jumping ahead here and stealing the next month's president's thunder, but this has me very excited. This July, our society will be 65 years old!! How crazy is that? How many societies can claim that? Can one even begin to imagine the amount of hard work that has gone into putting this society together and keeping it going for 65 years? I am truly honored and humbled to be serving on the board and being part of just a fraction of its existence.

Our Fall show (September 17<sup>th</sup> & 18<sup>th</sup>) is in the works and we've been booking vendors already, so keep it in your radar and remember that we need as much help from the members as possible.
